REQUIREMENTS

- Successfully completed university studies of natural sciences (e.g. biology, biochemistry, chemistry, food chemistry) and PhD in relevant discipline
- Good understanding of eco- / toxicological methodologies and studies, assessment of data and study results and application in regulatory processes and for hazard and risk assessments
- Minimum 5 years of relevant industry experience with track record of representation in consortia, associations etc.
- Ability to deal with highly complex and challenging situations
- Self-motivated, reliable team player with a proactive mindset
- Excellent communication and cooperation skills, ability to navigate different priorities with stakeholders
- Basic knowledge in auditing / reporting / project management is a plus
- Fluent in both German and English and used to work in an international setting
- Very good knowledge of MS office applications

YOUR APPLICATION

To ensure the fastest processing of your application please apply online via our careers portal at <https://www.roehm.com/en/career>. Submit at least one meaningful cover letter as well as your current CV and provide us your possible starting date. Please refrain from sending unsolicited applications by email.

Note: When creating the user account, it is necessary to activate the account via a link. Currently, there may be technical delays in sending this activation email. We are working intensively to ensure that this email is sent again promptly. Until then, we ask for your patience if the receipt of this activation e-mail is delayed.

If you have any questions regarding your application or the application process, please contact: Mirela-Maria Burkhart at mirela.burkhart@roehm.com and refer to the Requisition ID cited below. We are looking forward to receiving your application!

Please note that Röhm will not accept any unsolicited application documents sent by staffing firms. Röhm works in conjunction with preferred service providers and will not pay any fee to staffing firms in the absence of an appropriate framework agreement. Should Röhm receive a candidate profile from a staffing firm with which it has no framework agreement and should this candidate subsequently be considered in the recruitment process or offered employment, no claims from the staffing firm will be entertained in this regard.
